

TEXAS DIVISION, NSCC

TEXAS Division is a Naval Sea Cadet unit which includes Sea Cadets and Navy League Cadets - (CHIEF Training Ship) - the 2 groups drill together.

TEXAS Division drills one weekend a month. Our major training sites are NAS Corpus Christi, NS Ingleside and NAS Kingsville. At the present time, cadets come for drill during the day - Saturday and Sunday. We also have spaces that will allow us to have occasional full weekend drills (Friday evening to Sunday afternoon).

INDOC COMPANY ENROLLMENT - New cadets enrolling in TEXAS Division pay \$50. That fee covers the National Registration, Insurance and INDOC Company Materials. Once the cadet graduates from INDOC Company, he/she is eligible to wear Navy Utilities and Dress Uniforms. These uniforms will be issued after the INDOC is complete and the rest of the fees are collected. (\$100) The following years, the Re-enrollment is \$100.00 annually for all cadets. A portion of that fee is sent to our National Headquarters. The rest is used for NSCC patches, ribbons and training materials.

We eat at the Chow Hall when we drill at Ingleside Naval Station. The Day Drill's lunch cost is \$3.00 per day. Weekend drills cost will be determined.

Summer Training Costs

Sea Cadets 2 Week Mandatory Boot Camp - \$150.00 plus transportation to training. (10 Day - \$100)

League Cadets 1 Week Orientation - \$75.00 plus transportation to the training. (5 Day -\$50)

If a Cadet chooses to do Advanced Training, the cost will be \$75 per week + Transportation

How Can I Join?? The NAVY LEAGUE CADET CORPS!

ARE YOU READY TO TAKE A STEP INTO YOUR FUTURE -

TO TEST THE WATERS WHILE YOU'RE YOUNG?

WHO ARE THE NAVY LEAGUE CADETS?

Navy League Cadets are boys and girls at least 11 but not yet 14 years old, interested in the sea and ships – in aircraft and space, who belong to one of the 150 Navy League Corps Ships and Companies throughout the United States.

ARE THERE SPECIAL ACTIVITIES?

Local commanders arrange field trips to military bases, ships, and other interesting places. In many regions, cadets travel to special Pass-in Review or awards ceremonies, or compete in flagships, weekend events aboard Navy or Coast Guard stations, where they test their skills against one another for regional championships. NLCC Orientation provides an indepth overview in military subjects aboard certain Navy bases around the country. Each year, a large number of cadets spend 7 days at NLCC Orientation. Some of the bases provide seamanship classes and tours aboard Navy ships, small boats and aircraft: others offer similar interesting and challenging programs.

WHAT DO THEY DO?

They learn and practice such nautical skills as knot tying and splicing, signaling, water safety and swimming, first aid, and even fire fighting. In their communities they march in parades, and appear at fairs and other local activities. In meeting, they discuss naval history, customs and traditions and leadership.

DO CADETS WEAR UNIFORMS?

Cadets wear modified Navy utility type uniforms with NLCC patches, rank insignia, and ribbons. Cadets have a “salt and pepper” dress uniform, work uniform and PT clothing.

DO CADETS EARN PROMOTIONS?

The NLCC training program provides the lessons, physical and mental tests, and written examinations for regular promotion. In general, cadets advance in rank about every four to six months by passing the requirements of the Navy League Cadet courses.

WHO ARE THE NLCC ADULT LEADERS?

NLCC leaders are volunteers who are officers and instructors in the Naval Sea Cadet Corps (NSCC). They are men and women, with or without military experience, who enjoy working with young people. In many NLCC ship Ships and Companies, NSCC Petty Officers assist in teaching advanced skills. In addition, senior NLCC Petty Officers may teach basic skills or perform administrative duties.

WHAT IS THE NAVAL SEA CADET CORPS?

The Naval Sea Cadet Corps(NSCC) is a program for young men and women ages 13 to 17. When the League cadets are 13 years old, they can transfer to the NSCC: if they have one year or more of NLCC service, they transfer at a higher rank than new recruits. In the NSCC they learn new basic and advanced skills and participate in a greater variety of activities and training programs.
